

DECLARATION OF CONFORMITY

The European "REACH" Regulation 1907/2006 on the Registration, Evaluation, Authorization and restriction of Chemicals entered into force on 1 June 2007. Reach leads to the need for more communication between customers and suppliers on the substances, preparations and articles they buy and sell.

As of June 2024, ECHA (The European Chemicals Agency) has placed 241 substances in the Candidate List of Substances of Very High Concern for authorization. Any SVHC must not be used, manufactured or imported without the prior authorization of the ECHA. The "candidate list" will be updated and published periodically by ECHA as more substances are identified as SVHC.
